Sarah Ammad

BS Artificial Intelligence Student @ COMSATS | AI Backend Engineering Intern @ FlyRank AI | Python | C++ | Java | Backend Development | Oracle SQL

Islāmābād, Pakistan

Summary

BS Artificial Intelligence student at COMSATS University Islamabad with a strong interest in backend engineering, artificial intelligence, and software development. Currently working as an AI Backend Engineering Intern at FlyRank AI while building practical projects in C++, Python, Java, and Oracle SQL. Passionate about writing clean, efficient code, solving real-world problems, and continuously expanding my knowledge of data structures, algorithms, and AI technologies. Seeking opportunities to contribute to impactful software and AI products.

Experience

FlyRank AI

AI Backend Engineering Intern

July 2026 - Present (1 month)

Rawalpindi

Selected as an AI Backend Engineering Intern at FlyRank AI (Remote).

Actively learning Python, backend development, and AI technologies.

BS Artificial Intelligence student with an interest in AI systems and software engineering.

Regularly building and sharing programming projects (C++, Python, Java).

Committed to continuous learning and improving software engineering skills.
